**Software:** Git, Ubuntu Linux based Virtual Machine, Windows 10, Mac OS, LaTeX

## Work Experience

*Project Management Intern, CVS Health, Richardson, TX*

June 2020 - Aug. 2020

- Created and presented status reports on 15+ active projects using Sharepoint and Excel.
- Teamed with 10+ other project managers and assisted them with their responsibilities.
- Experienced both Business and IT perspectives of project management by shadowing project managers working on a major integration.

*IT Intern, CVS Health, Richardson, TX*

April 2019 - Aug. 2019

- Worked in the office of integration and ecosystem middleware.
- Updated and edited status reports on active projects in Microsoft Excel.
- Transferred project documents from old local software to Microsoft Sharepoint.

*Host, California Pizza Kitchen, Grapevine, TX*

April 2017 - Oct. 2017

- Interacted with customers and resolved problems to ensure customer satisfaction.
- Onboarded newly hired hosts to familiarize them the job's needs and expectations.

## Projects

**Animator (Java)**

- Collaborated with a partner to create an animator using MVC design pattern. The animator provides a visual view of animation and allows user interaction with basic pause/ play/ speed functionality and a textual view.
- Included the ability to accept and produce both .txt and .svg files, the latter in which can be run functionally in a browser.

**Pyramid Solitaire (Java)**

- Created a textually represented modification on the ruleset of the original solitaire game.
- Used the MVC design pattern to handle user interaction.
- Features multiple game modes with different views and rulesets.

**Personal Website (Jekyll/Markdown/HTML)**

- Utilized Ruby Gem "Jekyll" as the foundation, as well as Markdown, HTML and GitHub pages to: create the content, embed the files and deploy the site, respectively.
